

Eky Januarta

Security Engineer & Pentester

+62 878-6352-0135 · ekyjanuarta@outlook.com · 1tsprune.com · LinkedIn · Mataram, Indonesia

Security engineer and pentester with hands-on experience across VAPT, SIEM/SOC operations, and incident response. Built a 7-layer SOC stack from scratch covering 200+ endpoints, and managed SOC for multiple clients at an MSSP, reducing critical findings by over half within first quarter per client. 8 professional certifications. Published malware researcher (MISI Vol. 9, 2026).

PROFESSIONAL EXPERIENCE

Freelance Penetration Tester & Security Consultant · Independent Oct 2025 — Present · Remote

- Provide on-demand VAPT, security architecture review, and incident response for SMEs across Southeast Asia
- Conduct web app, API, and network penetration tests using Burp Suite, Nuclei, Nmap, Metasploit, and custom Python tooling
- Advise Web3/crypto projects on smart contract risk assessment and phishing prevention

Security Engineer · PT Merdeka Copper Gold Jan — Feb 2025 · Project Based

- Built security from scratch for a mining enterprise: designed monitoring architecture, deployed SIEM and endpoint tools across 200+ endpoints, wrote security policies
- Automated endpoint monitoring and reporting using open-source tooling so the ops team had full visibility without logging into multiple consoles

Security Engineer · NOOSC Security Global Sep 2024 — Sep 2025 · Jakarta

- Deployed and managed SIEM (Wazuh) across multiple client environments, monitoring 100+ endpoints with real-time detection and SOC alerting
- Designed end-to-end security architectures: network segmentation, IDS/IPS, logging pipelines, IR workflows
- Conducted VAPT engagements using OWASP & MITRE ATT&CK, integrating 10+ security tools into unified client stacks
- Delivered monthly security assessments with remediation roadmaps, reducing critical findings by over half within first quarter per client

Security Analyst Intern · PT Metrodata Electronics Tbk Jan 2024 — Jun 2024 · Jakarta

- Triageed and escalated 20+ security incidents across enterprise networks, analyzing alerts from SIEM, IDS, and endpoint logs
- Assisted senior engineers in penetration tests and network defense hardening for banking and government clients

Cybersecurity Engineer Intern · Dinas Kominfo KSB May 2023 — Oct 2023 · Sumbawa Barat

- Deployed SIEM systems for real-time threat detection across government servers and infrastructure
- Conducted VAPT on 5 government websites using Nuclei, Burp Suite, and OWASP methodologies
- Delivered cybersecurity awareness sessions at 6 institutions, reaching 300+ participants

EDUCATION

Bachelor of Information Technology · Universitas Bumigora Jan 2020 — Aug 2025 · GPA: 3.70/4.00

COMMUNITY EXPERIENCE

- Brand Ambassador · BasedBot

May 2026 — Present

▸ Represent and promote BasedBot, engaging community members and communicating project updates
- Web3 Language Volunteer · Space Nation

Jan — May 2025

▸ Tested and provided feedback on Web3 game development; managed Indonesian community queries daily
- Regional Community Manager · SmartLayer

Aug 2023 — Feb 2024 · Indonesia

▸ Created Bahasa content and managed community of 2,000+ members with daily engagement

SKILLS & TOOLS

- Offensive Security

Burp Suite · Nuclei · Metasploit · Nmap · SQLmap · Hydra · Hashcat · Wireshark · OWASP ZAP · BloodHound · Python · Bash
- Defensive Security

Wazuh · Splunk · Elastic Stack · EDR · NDR · XDR · SOAR · Firewall · IDS/IPS · VMware · Proxmox · Docker
- Frameworks

OWASP · MITRE ATT&CK · NIST · OSINT · Threat Intelligence · Reverse Engineering · Forensics · Vulnerability Management
- Soft Skills

Client Communication · Technical Reporting · Teamwork · Problem Solving · Security Awareness Training

CERTIFICATIONS

- CEH — Certified Ethical Hacker (EC-Council)

Mar 2025
- ECIH — Certified Incident Handler (EC-Council)

Jun 2024
- CND — Certified Network Defender (EC-Council)

Jun 2024
- CAP — Certified AppSec Practitioner

Sep 2024
- CNSP — Certified Network Security Practitioner

Sep 2024
- Cybersecurity Awareness Professional

Sep 2024
- Alibaba Cloud Associate: Cloud Security

Jul 2020
- BNSP: Network Designer
